Durham Public Works Department Head Report 04-14-2020

- We are continuing social distancing due to COVID 19. We have moved the break room out into bay one of the garage so that everyone is able to have 6 ft of table space.
- We have been repairing sections of gravel roads.
- We have been cleaning up the grounds at the Town properties/ parks etc.
- We have stained the outhouse at Runaround Pond Park after it was vandalized. This came out very nice.
- We pulled the road postings on Thursday April 9th. This is about a week ahead of what I had schedule due to warm weather and very little late winter/spring snowfall.
- Truck bid opening was held on Tues March 31st. The winning bidder was Freightliner of Maine which is where all of the newer trucks have come from.
- Continued work with engineer and abutting landowners regarding the Day Road improvements. I have met with the abutters. I laid out the new centerline with the engineer and Crooker on Saturday. Crooker is prepared to start the job anytime. I will have a final change order from the Engineer before we meet and will forward as soon as I get it. The total is \$101,225.00.
- Crew will continue spring cleanup. We will also start replacing failing driveway culverts next week before moving onto our annual ditching that aligns with our maintenance paving plan.
